MEMORANDUM FOR: All CPD Division Directors

ATTENTION: HOME Program Coordinators

FROM: Mary Kolesar, Director, Office of Affordable Housing Programs, DGH

SUBJECT: HOME Program Rent Limits – 2005

HOME Program Rent Limits have been updated by HUD’s Economic and Market Analysis Division (EMAD), Office of Policy Development and Research, based on the FY 2005 Section 8 Fair Market Rents (FMRs) which were published in the Federal Register on February 28, 2005, and on the FY 2005 Public Housing/Section 8 Income Limits which were issued on February 11, 2005, by Notice PDR-2005-02.

Attached are the updated HOME Rent Limits for those participating jurisdictions that are totally or partially within your Office area.

The attachment provides the actual High HOME Rent Limits and Low HOME Rent Limits that must be used for each jurisdiction. In accordance with 24 CFR 92.252(a), the High HOME Rents are the lesser for the Fair Market Rents (FMRs) or 30 percent of the adjusted income of a family whose annual income equals 65 percent of the median income for the area. In accordance with 24 CFR 92.252(b), the Low HOME Rents may not exceed the High HOME Rents.

For information only, the FY 2005 FMRs (which were effective as of February 28, 2005), the 65 percent rent limits and the 50 percent rent limits also are provided. We are continuing to provide this information so that participating jurisdictions will know whether one of the “lesser of” standards has been applied. Some jurisdictions may also find this information useful in designing local programs that do not use HOME funds.

Please make the attached 2005 HOME Rent Limits available to your participating jurisdictions. A complete set of the 2005 HOME Rent Limits will be sent by EMAD to Field Office economists using Lotus Notes. We will also post the 2005 HOME Rent Limits on the HUD HOME Web page at:

These limits are effective 30 days after the date of this memorandum.

If you have any questions regarding HOME Program Rent Limits, please contact the Office of Affordable Housing Programs.
