Amending a Consolidated Plan and Annual Action Plan

For Consortia Grantees

April 2016

The Con Plan Quick Guides are intended to provide a brief summary of the steps required to set up and complete certain elements of the Consolidated Plan, Annual Action Plan and CAPER. For complete guidance and screen by screen instruction, review the [Con Plan in IDIS Desk Guide](#).

AMENDING A CONSOLIDATED PLAN AND ANNUAL ACTION PLAN – CONSORTIA GRANTEES

These instructions are for Consortia grantees. State, Entitlement and Regional grantees should use the State/Entitlement and Regional plan specific quick guide.

In order to edit an approved Consolidated Plan or Action Plan, the Lead Entity must make a copy of the plan to make it editable, this is true even if only a participating member is making an amendment.

When the Lead Entity copies the plan, any participating grantees' Action Plans are copied as well. Participating members cannot directly copy their plans. Once the Lead Entity creates the copy of the plan, the Lead Entity should notify all participating grantees that the copy has been made and can be accessed by all grantees.

Grantees should generally enter amendments into IDIS at the end of the program year and try to limit the number of amendments entered in the system. Amendments completed in the middle of the program year can be documented in the grantee's paper version of the plan prior to being entered in IDIS.

When a grantee copies the plan to amend it, depending on the type of copy (substantial, minor, or n/a), different data will be copied into the version of the plan as indicated in the table below.

Plan Element	Copy is Substantial Amendment	Copy is Minor Amendment	Copy is NOT an amendment
Attachments	Copied	Copied	Copied.
