CREATING A YEAR 2-5 ANNUAL ACTION PLAN

For Regional Grantees

These instructions are for Regional grantees. State/Entitlement grantees and Consortia grantees should use the State/Entitlement and Consortia quick guides.

Action Plans for years 2-5 are set up under the Action Plan category in IDIS. To add a new Action Plan, Regional Plan grantees must Copy the previous Action Plan. All members (lead and participating) are responsible for creating their own Action Plan.

1. Copying a previous Action Plan entered into IDIS: Copying a plan copies all data from the source Action Plan into a new version. The copy of the Action Plan will include any attachments and all additional content, such as images, maps, and text boxes that were inserted throughout the template.

If the Action Plan that is copied is associated with a Consolidated Plan in the system, the copy will be associated with the same plan. Grantees must review the content and adjust to reflect goals, projects, outreach and other elements that are unique to the new year's Action Plan.

The system will automatically copy previous year projects without updating the project year. Grantees should remove previous year projects and create new projects for the new Action Plan.
