Additional Overview Information

Incorporation of the General Section. HUD publishes a General Section each fiscal year that contains requirements for all applicants to HUD's various competitive grant programs, including this NOFA. Applications must meet all of the requirements of the General Section in addition to the requirements of this NOFA to be considered and potentially receive funding. The full title of the General Section is the General Section to HUD's Fiscal Year 2016 Notice[s] of Funding Availability for Discretionary Programs. Copies are available at Grants.gov or HUD's Funds Available page, http://portal.hud.gov/hudportal/HUD?src=/program_offices/administration/grants/fundsavail.

1. Participative Planning and Implementation. HUD encourages all applicants to HUD's competitive programs to ensure, where applicable, public decision making and meaningful participation throughout the visioning, development, and implementation of funded projects, by residents of affected areas and especially communities traditionally marginalized from planning processes. In seeking public participation, applicants and grantees must ensure that all communications are provided in a manner that is effective for persons with hearing, visual, and other communications-related disabilities consistent with Section 504 of the Rehabilitation Act of 1973 and, as applicable, the Americans with Disabilities Act. In addition Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000(d) and Executive Order 13166 require that grantees take responsible steps to ensure meaningful access to services, programs, and activities by persons with Limited English Proficiency (LEP persons).

I. Funding Opportunity Description.

A. Program Description.

1. Purpose.

Through funding of national intermediaries, the Section 4 Capacity Building program enhances the capacity and ability of community development corporations (CDCs) and community housing development organizations (CHDOs) to carry out affordable housing and community development activities that benefit low- and moderate-income families and persons.

2. Changes from Previous NOFA.

The Fiscal Year (FY) 2016 Section 4 Capacity Building program NOFA contains minimal changes from last year. The changes include revisions to the policy priorities (a) Affirmatively Furthering Fair Housing and (b) Increase Energy Efficiency and the Health and Safety of Homes. To improve your chance of success, please be sure to read this announcement fully and carefully.

3. Definitions.

a. **Eligibility Requirements** – Eligibility requirements are those requirements that must be met for an application to be eligible for funding. Deficiencies in meeting an eligibility requirement may be categorized as either curable or non-curable.

b. **Threshold Requirement** – Threshold requirements are a category of eligibility requirements. A threshold requirement is a requirement that must be met in order for an application to be reviewed. Threshold requirements are not curable.

Threshold requirements are listed in Section III.C.1 of this Program NOFA.

Applicants must ensure their application package addresses all threshold requirements. Please check your application carefully!

c. **Deficiency** – Deficiencies are not the same as errors. Errors are never curable except as permitted under Section IV.D.4. Deficiencies are items of missing or omitted information within a submitted application. Deficiencies typically involve missing documents, information on a form, or some other type of unsatisfied information requirement (e.g., an unsigned form, unchecked box, etc.). Depending on specific criteria, deficiencies may be either curable or non-curable.

d. **Curable Deficiency** – A curable deficiency is a specific type of deficiency that applicants may correct with timely action. To be curable the deficiency must:

- Not be a threshold requirement;
- Not influence how an applicant is ranked or scored versus other applicants; and
- Be remedied within the time frame specified in the notice of deficiency.

e. **Non-Curable Deficiency** – An applicant cannot correct a non-curable deficiency after the submission deadline. Non-curable deficiencies are deficiencies that if corrected would change an applicant's score or rank versus other applicants. Non-curable deficiencies may result in an application being marked ineligible, or otherwise adversely affect an application's score and final determination.

 2. The recipient demonstrates to the satisfaction of HUD, through the provision of information regarding the organization’s charter and by-laws, that the organization is sufficiently similar in purpose, function, and scope to those entities qualifying under paragraphs (1) through (8) of this definition, or
 3. It is a State or locally chartered organization; however, the State or local government may not have the right to appoint more than one-third of the membership of the organization’s governing body and no more than one-third of the board members may be public officials or employees of the State or local government entity chartering the organization. Board members appointed by the State or local government may not appoint the remaining two-thirds of the board members.

1. Statutory and Regulatory Requirements.

Eligible Activities and Priorities. Funds may be used to provide the following services:

1. Training, education, support, and advice to enhance the technical and administrative capabilities of CDCs and CHDOs, including the capacity to participate in consolidated planning, as well as in fair housing planning and Continuum of Care homeless assistance efforts that help ensure community-wide participation in assessing area needs; consulting broadly within the community; cooperatively planning for the use of available resources in a comprehensive and holistic manner; and assisting in evaluating performance under these community efforts and in linking plans with neighboring communities in order to foster regional planning;
2. Loans, pass-through grants, development assistance, predevelopment assistance, or other financial assistance to CDCs and CHDOs to carry out community development and affordable housing activities that benefit low-income or low- and moderate-income families and persons, including the acquisition, construction, or rehabilitation of housing for low-income or low- and moderate-income families and persons, and community and economic development activities that create jobs for low-income persons; and;
3. Such other activities as may be determined by the grantees in consultation with the Secretary or his or her designee.

Through these activities, grantees are encouraged to align with and support projects that create opportunities for transformative revitalization and investments focused on job growth, economic recovery, and neighborhood revitalization. Additionally, grantees are encouraged to consider how CDCs and CHDOs may align investments with regional planning for sustainable economic development if such efforts are underway in the jurisdiction.

In addition, activities should support HUD's Strategic Plan and priorities as described in Section I. of the General Section.

2. Statutory and Regulatory Requirements.

a. Compliance with Nondiscrimination and Related Requirements.

Compliance with Fair Housing and Civil Rights Laws.

Applicants and their prospective subrecipients must comply with all applicable fair housing and civil rights requirements in 24 CFR 5.105(a), including, but not limited to, the Fair Housing Act; Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title II and Title III of the Americans with Disabilities Act of 1990; and Section 109 of the Housing and Community Development Act of 1974. Applicants, and their prospective subrecipients, who are conducting programs or activities within a state or local jurisdiction that has passed a law prohibiting discrimination in housing based upon sexual orientation or gender identity, or a law prohibiting discrimination in housing based on lawful source of income, must comply with the law(s) of the state or locality in which the program activities are conducted.

Affirmatively Furthering Fair Housing.

Section 808(e)(5) of the Fair Housing Act requires HUD to affirmatively further the purposes of the Fair Housing Act in its housing and urban development programs. Accordingly, HUD requires recipients of funds that are not specifically exempted to take affirmative steps to further fair housing. An applicant must discuss how it is going to carry out the proposed activities in a manner that affirmatively furthers fair housing in complete compliance with Section 808(e)(5) of the Fair Housing Act.

1. **Affirmatively Furthering Fair Housing.** Consistent with the instructions in Section V.C.1.b of the General Section, applicants must submit with their application a description of how proposed activities will affirmatively further fair housing. In developing plans, applicants shall review the Analyses of Impediments to fair housing choice in the jurisdictions in which the activities will take place. Examples of activities that may address impediments to fair housing choice include: (1) affirmative fair housing marketing that targets persons least likely to apply for housing, including outreach to underserved population groups or advocacy organizations representing such persons; (2) increasing accessible housing for persons with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973 (29 USC § 794), the Fair Housing Act (42 USC § 3601 et seq.), and the Americans with Disabilities Act (42 USC § 12101 et seq.); (3) planning new or rehabilitated housing in locations that provide greater housing choice and mobility opportunities for persons protected by the Fair Housing Act; (4) Providing language assistance services to persons with limited English proficiency; and (5) Addressing other impediments to fair housing choice identified in a jurisdiction's Consolidated Plan and Analysis of Impediments in coordination with local and regional non-profit community groups and governmental organizations. The proposed activities must address at least one of the following objectives: (1) help overcome any impediments to fair housing choice related to the assisted program or activity itself; (2) promote racially, ethnically, and socioeconomically diverse communities; or (3) promote housing-related opportunities that overcome the effects of past discrimination because of race, color, national origin, religion, sex, disability, and familial status.
2. **Accessible Housing and Other Facilities.** Housing and other facilities constructed or rehabilitated using funds under this NOFA are subject to federal accessibility requirements under Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, the Fair Housing Act, and the Architectural Barriers Act (P.L. 90-480), as applicable.
3. **Accessibility of Training Facilities.** In the conduct of training and educational courses, successful applicants must give priority to methods that provide physical access to individuals with disabilities, i.e., holding the training or any other type of meeting in an accessible location in accordance with the regulations implementing Section 504 of the Rehabilitation Act of 1973 and Titles II and III of the Americans with Disabilities Act of 1990, as applicable. All programs or activities must be held in accessible locations unless the recipient can demonstrate that doing so would result in a fundamental alteration of the program or an undue financial and administrative burden, in which case the recipients must take any action that would not result in such an alteration or such burden but would nevertheless ensure that individuals with disabilities receive the benefits and services of the program or activity, e.g., training at an alternate accessible site, in-home training. Individuals with disabilities must receive services in the most integrated setting appropriate to their needs.
4. **Effective Communications.** Successful applicants must also ensure that notices of and communications during all training sessions and meetings are provided in a manner that is effective for persons with hearing, visual, and other communications-related disabilities consistent with Section 504 of the Rehabilitation Act of 1973 (24 CFR 8.6) and, as applicable, the Americans with Disabilities Act. This includes ensuring that training materials are in appropriate alternative formats as needed, e.g., Braille, audio, large type, sign language interpreters, and assistive listening devices, etc. All products and tools for capacity building must be accessible in accordance with Section 504 of the Rehabilitation Act of 1973. (See, for example, 24 CFR 8.6, on effective communications.)
5. **Executive Order 13166.** “Improving Access to Services for Persons with Limited English Proficiency (LEP).” Executive Order 13166 seeks to improve access to federally assisted programs and activities for individuals who, as a result of national origin, are limited in their English proficiency. Applicants obtaining federal financial assistance from the Department shall take reasonable steps to ensure meaningful access to their programs and activities to LEP individuals. As an aid to recipients, the Department published Final Guidance to Federal Financial Assistance Recipients: Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (LEP Guidance) in the Federal Register on January 22, 2007 (72 FR 2732). For assistance and information regarding LEP obligations, go to www.justice.gov/crt/lep/guidance/HUDgu

[idanceJan07.pdf](#). For more information on LEP, please visit <http://www.hud.gov/offices/fheo/lep.xml>.

Economic Opportunities for Low-and Very Low-income Persons (Section 3).

Recipients of assistance must comply with Section 3 of the Housing and Urban Development Act of 1968 (Section 3), 12 U.S.C. 1701u (Economic Opportunities for Low- and Very Low-Income Persons in Connection with Assisted Projects), and the HUD regulations at 24 CFR part 135. Section 3 requires recipients to ensure, to the greatest extent feasible, that training, employment, contracting and other economic opportunities will be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns that provide economic opportunities to low-and very low-income persons in the area in which the project is located. Applicants must describe in their applications their plans to train and employ Section 3 residents and contract with Section 3 business concerns in furtherance of the proposed activities. Applicants for funding under this program shall, by signing the application, certify compliance. Recipients of covered funding are required to comply with the requirements of 24 CFR Part 135, particularly subpart B-Economic Opportunities for Section 3 residents and Section 3 Business Concerns, and Subpart E-Reporting and Recordkeeping. HUD encourages recipients to consult the national Section 3 Business Registry. Applicants and grant recipients can search the database to find local Section 3 businesses that put a priority on hiring public housing or low-income residents. To learn more about HUD's Section 3 Business Registry or to search for a Section 3 business, visit:

www.hud.gov/sec3biz. Additional information on the requirements of Section 3 can be found at: www.hud.gov/offices/fheo/section3/section3.cfm. Program NOFAs to which Section 3 applies will have additional information here.

Applicants must also ensure that their sub-grantees have a feasible Section 3 plan to direct new employment and contracting opportunities created during the expenditure of covered financial assistance to Section 3 residents and Section 3 business concerns, and that their sub-grantees demonstrate compliance with the requirements of Section 3 by reporting their activities in the Section 3 Annual Summary Report (Form HUD-60002).

Improving Access to Services for Persons with Limited English Proficiency (LEP).

Executive Order 13166 seeks to improve access to federally assisted programs and activities for individuals who, as a result of national origin, are limited in their English proficiency. Applicants obtaining federal financial assistance from HUD shall take reasonable steps to ensure meaningful access to their programs and activities to LEP individuals. As an aid to recipients, HUD published Final Guidance to Federal Financial Assistance Recipients: Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (LEP Guidance) in the Federal Register on January 22, 2007 (72 FR 2732). For assistance and information regarding LEP obligations, go to

www.lep.gov/guidance/HUD_guidance_Jan07.pdf. For more information on LEP, please visit www.hud.gov/offices/fheo/promotingfh/lep.cfm.

Accessible Technology.

Section 508 of the Rehabilitation Act (Section 508) requires HUD to ensure, when developing, procuring, maintaining, or using electronic and information technology (EIT), that the EIT allow persons with disabilities to access and use information and data on a comparable basis as is made available to and used by those without disabilities. Section 508 covers, but is not limited to, computers (hardware, software, word processing, email, and Internet sites), fax machines, copiers and telephones. Among other things, Section 508 requires that EIT allow individuals with disabilities who are federal employees or members of the public seeking information or services from a federal agency to have access to and use of information and data on a comparable basis as that made available to employees and members of the public without disabilities unless an undue burden would result to the federal department or agency. Where an undue burden exists to the federal department or agency, alternative means may be used to allow an individual with disabilities use of the information and data. Section 508 does not require that information services be provided at any location

other than a location at which the information services are generally provided. HUD encourages its funding recipients to adopt the goals and objectives of Section 508 by ensuring, whenever EIT is used, that persons with disabilities have access to and use of the information and data made available through the EIT on a basis comparable as is made available to and used by persons without disabilities. This does not affect recipients' required compliance with Section 504 of the Rehabilitation Act and, where applicable, the Americans with Disabilities Act. Applicants and recipients seeking further information on accessible technology are directed to www.section508.gov.

b. HUD Agency Wide or Federal Government Wide Requirements.

(1) Outstanding Delinquent Federal Debts – It is HUD policy, consistent with the purposes and intent of 31 U.S.C. 3720B and 28 U.S.C. 3201(e), that applicants with outstanding delinquent federal debt will not be eligible to receive an award of funds, unless:

- (a) A negotiated repayment schedule is established and the repayment schedule is not delinquent, or
- (b) Other arrangements satisfactory to HUD are made prior to the award of funds by HUD. If satisfactory arrangements cannot be completed within 90 days of notification of selection, HUD will not make an award of funds to the applicant, and instead offer the award to the next eligible applicant. HUD may act earlier than the above stated 90 days to ensure, in HUD's determination, that the funds can be obligated in a timely manner. Applicants selected for funding, or awarded funds, must report any changes in status of current agreements covering federal debt. HUD may withhold funding, terminate an award, or seek other remedies from a grantee if a previously agreed-upon payment schedule has not been followed or a new agreement with the federal agency to which the debt is owed has not been signed.

(2) Pre-Award Accounting System Survey – HUD will not award or disburse funds to applicants that do not have a financial management system that meets federal standards. HUD may arrange for a pre-award survey of any such financial management system for applicants selected for award who have not previously received federal financial assistance, where HUD Program officials have reason to question whether a financial management system meets federal financial management standards, or for applicants considered high risk based upon past performance or financial management findings.

(3) Debarments and/or Suspensions – In accordance with 2 CFR part 2424, no award of federal funds may be made to debarred or suspended applicants, or those proposed to be debarred or suspended from doing business with the Federal Government.

(4) False Statements – A false statement in an application is grounds for denial or termination of an award and possible punishment, as provided in 18 U.S.C. 1001.

(5) Do Not Pay Website Review – As part of the Improper Payments Elimination and Recovery Improvement Act (IPERIA) of 2012, in making funding determinations HUD will look up applicant information on the Federal website <http://www.donotpay.treas.gov/>. The Do Not Pay Portal is intended to prevent improper payments and can be used by HUD to ensure that applicants that receive funding do not owe funds to the federal government; are not on the Excluded Parties List System (EPLS); the List of Excluded Individuals/Entities List (LEIE); the Social Security Administration (SSA) Death Master File (DMF); or other federal databases that would provide adverse information regarding the applicant. HUD reserves the right to:

- (a) Deny funding, or in the case of a renewal or continuing award, consider suspension or termination of an award immediately for cause,
- (b) Require the removal of any key individual from association with management or implementation of the award, and
- (c) Make appropriate provisions or revisions with respect to the method of payment or financial reporting requirements.

(6) Conducting Business in Accordance with Ethical Standards/Code of Conduct – Applicants are required to develop and maintain a written code of conduct in accordance with 2 CFR 200.112 and 200.318. Codes of conduct must prohibit real and apparent conflicts of interest that may arise among officers, employees, or agents; prohibit the solicitation and acceptance of gifts or gratuities by officers, employees, or agents for their personal benefit in excess of minimal value; and outline administrative and disciplinary actions available to remedy violations of such standards.

Pursuant to applicable Federal and HUD regulations, applicants must disclose in writing any potential conflict of interest and all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

Before entering into an agreement with HUD, applicants selected to receive funding under a Program NOFA must submit an up-to-date copy of their code of conduct. Applicants with codes already on file with HUD do not need to resubmit a new code unless the information on file has changed. New or updated submissions must be dated and signed by the Executive Director, or Chair, or equivalent official, of the governing body of the organization. Applicants must also describe the methods to be used to ensure that all officers, employees, and agents are aware of and have agreed to adhere to the code of conduct.

(7) Conflict of Interest of Consultants or Technical Experts Assisting HUD – Consultants and technical experts who assist HUD in rating and ranking applications for funding under published FY 2016 Program NOFAs are subject to 18 U.S.C. 208, the federal criminal conflict-of-interest statute, and the Standards of Ethical Conduct for Employees of the Executive Branch regulation published at 5 CFR part 2635. As a result, consultants and technical experts who have assisted or plan to assist applicants with preparing applications for FY 2016 Program NOFAs may not serve on a selection panel and may not serve as a technical advisor to HUD. Anyone involved in rating and ranking FY 2016 Program NOFA applications, including departmental staff, experts and consultants must avoid conflicts of interest or the appearance of such conflicts. These individuals must also disclose to HUD’s Office of General Counsel Ethics Law Division the following information, if applicable:

(a) How the selection or non-selection of any applicant under a FY 2016 Program NOFA will affect the individual’s financial interests, as provided in 18 U.S.C. 208, or

(b) How the application process involves a party with whom the individual has a covered relationship under 5 CFR 2635.502.

The consultant or technical expert assisting HUD must disclose this information before participating in any matter regarding an FY 2016 program NOFA. Applicants with questions regarding these provisions or concerning a conflict of interest, please call the Office of General Counsel, Ethics Law Division, at (202) 708-3815 (this is not a toll-free number). The phone number above may also be reached by individuals who are deaf or hard of hearing, or who have speech disabilities, through the Federal Relay Service’s teletype service at 1-800-877-8339.

(8) Prohibition Against Lobbying Activities – Applicants are subject to the provisions of Section 319 of Public Law 101-121, 31 U.S.C. 1352, (the Byrd Amendment) and 24 CFR part 87, which prohibit recipients of federal contracts, grants, or loans from using appropriated funds for lobbying the executive or legislative branches of the Federal Government in connection with a specific contract, grant, loan, or cooperative agreement. In addition, applicants must disclose, using Standard Form LLL (SFLLL), “Disclosure of Lobbying Activities,” any funds, other than federally appropriated funds, that will be or have been used to influence federal employees, members of Congress, or congressional staff regarding specific grants or contracts. Federally-recognized Indian tribes and tribally designated housing entities (TDHEs) established by federally-recognized Indian tribes as a result of the exercise of the tribe’s sovereign power are excluded from coverage of the Byrd Amendment, but state-recognized Indian tribes and TDHEs established only under state law shall comply with this requirement. Applicants must submit the SFLLL if they have used or intend to use non-federal funds for lobbying activities.

(9) Consistency with the Consolidated Plan and Analysis of Impediments (AI)/Assessment of Fair

Housing – Certain competitive Programs require applications to contain a certification of consistency with a HUD-approved Consolidated Plan. This certification means that the proposed activities are consistent with the jurisdiction’s strategic plan, and the location of the proposed activities is consistent with the geographic areas specified in the Consolidated Plan. The Consolidated Plan also includes the jurisdiction’s certification to affirmatively further fair housing which means, among other requirements, that the jurisdiction has conducted an AI/Assessment of Fair Housing. If a program NOFA requires a certification of consistency with the Consolidated Plan and you fail to provide the certification, and you do not cure the omission as a technical deficiency, HUD will not fund the application.

Under HUD’s regulations at 24 CFR 91.2(d), an applicant’s PHA Plan must include a certification by the appropriate state or local official that the PHA Plan is consistent with the applicable Consolidated Plan for the jurisdiction in which the PHA is located and must describe the manner in which the applicable contents of the PHA Plan are consistent with the Consolidated Plan. To the extent that a proposal funded under this NOFA is addressed or should be addressed in the PHA Plan, it must be certified to be consistent with the Consolidated Plan.

IV. Application and Submission Information.

A. Obtaining an Application Package

An electronic copy of the Application Package and Application Instructions for this NOFA can be downloaded from Grants.gov at <http://www.grants.gov/applicants/apply-for-grants.html>. Except for Continuum of Care applications, or unless an applicant received a waiver for good cause, all applications must be submitted electronically via Grants.gov. The Continuum of Care application is submitted through HUD’s e-snaps system.

An applicant demonstrating good cause may request a waiver from the requirement for electronic submission. For example, a lack of available Internet access in the geographic area in which the applicant’s business offices are located. Applicants that cannot submit their applications electronically and must seek a waiver of the electronic grant submission requirements must submit a waiver request so that the request is received at least 15 days before the application deadline. If HUD waives the requirement, HUD must receive your paper application before the deadline of this NOFA. To request a waiver and receive a paper copy of the application materials, you should contact:

Email: CapacityBuilding@hud.gov

Office of Community Planning and Development

Office of Policy Development and Coordination

Washington, DC

B. Content and Form of Application Submission.

To ensure that the correct Application Package and Application Instructions are used, applicants must verify that the CFDA Number and CFDA Description on the first page of the Application Package downloaded from Grants.gov, as well as the Funding Opportunity Title, and the Funding Opportunity Number match the Program and NOFA to which they are applying. Applications will only be considered for the competition indicated in box 11, 12, and 13 on the SF-424 submitted in the application.

1. Content

Forms for your package include the forms outlined below:

Additionally, your complete application must include the following narratives and non-form attachments.

A complete application under this NOFA must contain the information below. All forms required for application submission can be found in the application and instruction downloads on [Grants.gov](http://www.grants.gov/web/grants/forms.html) at <http://www.grants.gov/web/grants/forms.html>.

Page Limitation and Font Size. Narratives addressing Factors 1 through 5 are limited to no more than 34 typed pages of single-spaced text based on 8.5 by 11- inch paper, using a Times New Roman standard 12-point font. HUD will not review more than 34 pages for all five factors and NOFA policy priorities combined, except that the page limit does not include the form HUD-2995 in support of the Preferred Sustainable Communities Status bonus points and/or the HUD-50153 in support of Promise Zones bonus points.

Prohibition on Materials Not Required. Materials other than what is requested in this NOFA are prohibited. Reviewers will not consider resumes, charts, letters, or any other documents attached to the application- which are not specified in this NOFA.

Checklist for Application Submission.

The following checklist is provided as a guide to help ensure that applicants submit all the required elements. All applicants should enter the applicant name, DUNS number, and page numbers on the narrative pages of the application. The paper submission must be in the order provided below.

- Application for Federal Assistance (form SF424) (Note: Applicants must enter the legal name of their organization in box 8.a. and DUNS number in box 8.c. of the SF424 as it appears in the System for Award Management (SAM).)
- Faith-Based EEO Survey (SF424 Supplement, Survey for Ensuring Equal Opportunity for Applicants);
- Narrative addressing Factors 1 through 5;
- Grant Application Detailed Budget (HUD-424-CB);
- Applicant Assurances and Certification (HUD-424-B);
- Disclosure of Lobbying Activities (SFLLL) (if applicable);
- Applicant/Recipient Disclosure/Update Report (HUD2880); and
- Certification of Consistency with Sustainable Communities Planning and Implementation Form (HUD 2995).

2. Format and Form.

Narratives and other attachments to your application must follow the following format guidelines.

Applicants are advised to address the requirements of each Rating Factor in the corresponding narrative statements for that specific Rating Factor so that information is not missed during the review process. For additional submission requirements, please see the checklist above in Section IV.B.

C. System for Award Management (SAM) and Dun & Bradstreet Universal Numbering System (DUNS) Number.

1. SAM Registration Requirement.

Applicants must be registered with SAM before submitting their application. In addition, applicants must continue to maintain an active SAM registration with current information at all times during which they have an active Federal award or an application or plan under consideration by HUD.

2. DUNS Number Requirement.

Applicants must provide a valid DUNS number in their application. DUNS numbers may be obtained for free at <http://fedgov.dnb.com/webform>.

D. Application Submission Dates and Times.

The application deadline is 11:59:59 p.m. Eastern time on **08/09/2016**. Applications must be received no later than the deadline.

Submit your application to Grants.gov unless a waiver has been issued allowing you to submit your application in paper form or you are applying for the Continuum of Care program. The Continuum of Care application is submitted through HUD's e-snaps system. Instructions for submitting your application to Grants.gov are contained within the Application Package you downloaded from Grants.gov. Instructions for submitting your paper application will be contained in the waiver of electronic submission.

Your application must be both **received and validated** by Grants.gov. Your application is "received" when Grants.gov provides you a confirmation of receipt and an application tracking number. **If you do not see this confirmation and tracking number, your application has not been received.**

After your application has been received, your application still must be validated by Grants.gov. During this process, your application may be "validated" or "rejected with errors." To know whether your application was rejected with errors and the reason(s) why, you must log into Grants.gov, select "Applicants" from the top navigation, and select "Track my application" from the drop-down list. If the status is "rejected with errors," you have the option to correct the error(s) and resubmit your application before the Grace Period ends. **If your application was "rejected with errors" and you do not correct these errors, Grants.gov will not send your application to HUD, and HUD will not review your application.** If your status is "validated" your application will be forwarded to HUD by Grants.gov.

1. Amending or Resubmitting an Application.

Before the submission deadline, applicants who choose to amend an application that has been validated by Grants.gov may resubmit a revised application containing the new or changed material. The resubmitted application must be received by the applicable deadline.

2. Grace Period for Grants.gov Submissions.

If an application is received by Grants.gov before the deadline, but is rejected with errors, applicants have a grace period of 24 hours beyond the application deadline to submit a corrected application that is received and validated by Grants.gov. Any application submitted during the grace period that does not meet the criteria above will not be considered for funding. There is no grace period for paper applications.

3. Late Applications.

An application received after the Program NOFA deadline date that does not meet the requirements of the grace period policy will be marked late, and will not be considered for funding.

4. Corrections to Deficient Applications.

Except as provided by the electronic submission grace period described in this notice, HUD may not consider any unsolicited information that applicants may want to provide after the application deadline. (Refer to 24 CFR part 4, subpart B.) In addition, HUD may not seek clarification of items or responses that improve the substantive quality of an applicant's response to any rating factors or which correct deficiencies which are in whole or part of a rating factor, including items that impact bonus points. HUD may contact the applicant to clarify other items in its application. In order not to unreasonably exclude applications from being rated and ranked in situations where there are curable deficiencies, HUD will notify applicants of each technical deficiency and will do so on a uniform basis.

If HUD finds a curable deficiency in an application, HUD will notify the applicant by email describing the clarification or technical deficiency. HUD will send an email to the person designated in item 8F of the

SF424 and to the person listed as the authorized representative in item 21 of the SF424. Both email notifications will be sent from HUD with confirmation of delivery receipt requested. The email notifications will be the official notification of the need to cure a technical deficiency. It is the responsibility of applicants to provide accurate email addresses for receipt of these notifications and to monitor their email accounts to determine whether a cure letter has been received. The applicant must carefully review the request for cure of a technical deficiency and must provide the response in accordance with the instructions contained in the deficiency notification.

Clarifications or corrections of technical deficiencies must be received by HUD within the time limits specified in the notification. In no case shall the time allowed to correct deficiencies exceed 14 calendar days or be less than 48 hours from the date of the email notification. The start of the cure period will be the date stamp on the email HUD sends to the applicant. If the deficiency cure deadline date falls on a Saturday, Sunday, federal holiday, or other day when HUD's Headquarters offices in Washington, DC, are closed, then the applicant's correction must be received on the next day that is not a Saturday, Sunday, or federal holiday, or other day when the HUD's Headquarters offices in Washington, DC, are closed.

Curable deficiency items must be submitted via email addressed to ApplicationSupport@hud.gov. When submitting technical deficiency cure items you must enter "Technical Cure" plus the Grants.gov application tracking number in the subject line of the email (e.g., Subject: Technical Cure - GRANT123456). If this information is not included, HUD will not be able to match the response to the application under review and the application may therefore be rejected due to the deficiency.

Corrections to a paper application should be sent in accordance with and to the address indicated in the notification of deficiency. HUD will treat a paper application submitted in accordance with a waiver of electronic application that contains the wrong DUNS number as having a technical deficiency. Failure to correct the deficiency and meet the requirement to have a DUNS number and active registration in SAM will render the application ineligible for funding.

E. Intergovernmental Review.

This program is not subject to Executive Order 12372, Intergovernmental Review of Federal Programs.

F. Funding Restrictions.

No fee or profit may be paid to any recipient or subrecipient of an award under this capacity building NOFA.

Indirect Cost Rate

Indirect Cost Rate: No restrictions, applicants may use their negotiated rate or the *de Minimis* rate (10% of Modified Total Direct Costs).

G. Other Submission Requirements.

1. Discrepancies between the NOFA on Grants.gov and Other Documents.

The Program NOFA posted at the Grants.gov website is the official document HUD uses to solicit applications. Applicants are advised to review their application submission against the requirements in the posted Program NOFA. If there is a discrepancy between the Program NOFA posted on Grants.gov and other information provided in any other copy or version or supporting documentation, the posted Program NOFA located at www.Grants.gov prevails. If discrepancies are found, please notify HUD immediately by calling the program contact listed in the Program NOFA. HUD will post any corrections or changes to a Program NOFA on the Grants.gov website. Applicants who enroll an email address at the application download page will receive an e-mail alert from Grants.gov in the event the opportunity is changed.

2. Application Certifications and Assurances.

Applicants signing the SF424 cover page either through electronic submission or in paper copy submission (for those granted a waiver) affirm that the certifications and assurances associated with the application are material representations of the facts upon which HUD will rely when making an award to the applicant. If it is later determined that the signatory to the application submission knowingly made a false certification or assurance or did not have the authority to make a legally binding commitment for the applicant, the applicant may be subject to criminal prosecution, and HUD may terminate the award to the applicant organization or pursue other available remedies. Each applicant is responsible for including the correct certifications and assurances with its application submission, including those applicable to all applicants, those applicable only to federally-recognized Indian tribes, and those applicable to applicants other than federally-recognized Indian tribes. All program-specific certifications and assurances are included in the program Instructions Download on Grants.gov.

3. Lead Based Paint Requirements

When providing housing assistance funding for purchase, lease, support services, operation, or work that may disturb painted surfaces, of pre-1978 housing, you must comply with the lead-based paint evaluation and hazard reduction requirements of HUD's lead-based paint rules (Lead Disclosure; and Lead Safe Housing (24 CFR part 35)), and EPA's lead-based paint rules (e.g., Repair, Renovation and Painting; Pre-Renovation Education; and Lead Training and Certification (40 CFR part 745)).

4. Indirect Cost Rate (ICR)

If you are a governmental organization or agency that receives more than \$35 million in federal funding, you are required to request an Indirect Cost Rate from your cognizant agency (2 CFR 200 Appendix VII). If you have not requested an indirect cost rate or have not received a negotiated indirect cost rate, you may not claim indirect costs until you receive a negotiated rate.

Non-governmental organizations: If your organization has never had an indirect cost rate and wishes to use the *de minimis* rate, your application's budget narrative must clearly state you intend to use the *de minimis* 10% of Modified Total Direct Costs (MTDC). If you are using a negotiated indirect cost rate, your application must clearly state the approved rate and distribution base and include a letter or other documentation from the cognizant agency showing the approved rate.

Governmental organizations: If your organization has a negotiated indirect cost rate, your application's budget narrative must include the rate and a letter or other documentation from the cognizant agency showing the negotiated rate. If your organization has prepared and maintains documentation supporting an indirect rate proposal but has not negotiated approval of the rate, your application's budget narrative must include the rate and applicable distribution base. State and local government departments that have never negotiated indirect cost rates with the Federal government and receive less than \$35 million in direct Federal funding per year may use the 10% *de minimis* indirect cost rate, and must keep the documentation of this decision on file. Federally recognized Indian tribes that have never negotiated an indirect cost rate with the Federal government may also use the 10% *de minimis* rate and must keep the documentation of this decision on file.

V. Application Review Information.

A. Review Criteria.

1. Rating Factors

The maximum number of points to be awarded for a capacity building application is 105, which includes Rating Factors 1 through 5, three NOFA policy priority points and two bonus points. Applicants that undertake activities that result in achievement of specific NOFA Priorities listed below are eligible to receive additional points in the rating of their application. These points will be considered only if the application meets or exceeds the Program's minimum fundable score based on the rating factors of this NOFA. The minimum score for an application to be considered for funding is 75. Applicants are only eligible to receive bonus points if, they received a rating score of 75 or more for Factors 1 through 5, not including bonus points. Two bonus points will be awarded for working with communities that have acquired Preferred Sustainable Status and/or Promise Zones criteria, as described in Section V.A.1.b of the General Section.

Points are assigned based on applicant responses to five factors. When addressing Factors 2 through 5, applicants should discuss the activities that will be carried out with Section 4 Capacity Building funds during the term of the grant agreement. Submissions should provide recent (within the last four years) and relevant (relative to the proposed activities to be carried out with the funds for this award) examples to support the proposal, where appropriate. Submissions should also be specific when describing the communities, populations, and organizations they propose to serve and the specific outcomes expected as a result of the activities.

Rating Factor 1 Capacity of Applicant and Relevant Organization Experience

Maximum Points: 2

Factor 1 relates to the capacity of the applicant and its relevant organizational experience. Rating of the “applicant” includes in-house staff and any subcontractors and subrecipients who are firmly committed to the project. In responding to Factor 1, applicants should provide position summaries of the applicant’s staff and of any persons and organizations firmly committed to the project. Other than names and position titles, please do not use any Personally Identifiable Information (PII).

In rating this factor, HUD will consider the extent to which the application demonstrates that the organization has:

- Knowledgeable key personnel skilled in providing one or more of the eligible activities for the Section 4 Capacity Building program;
- A sufficient number of staff, or ability to procure qualified experts or professionals, with the knowledge, skills, and abilities to deliver the proposed level of services in the proposed service area in a timely and effective fashion; and
- Ability to provide capacity building in urban and rural settings.

Rating Factor 2: Need/Extent of the Problem

Maximum Points: 20

Applicants must describe their understanding of capacity building needs in the specific geography where Section 4 activities are expected to be carried out. Applicants may provide a narrative describing the nature and extent of need in relation to the eligible activities and priorities identified in Section III.C. of this NOFA. At a minimum, your narrative for this factor must include objective information and/or data, such as information from current census data, the American Housing Survey, or other relevant data sources. Applicants must demonstrate sound and extensive understanding of high-priority needs in urban and rural settings for CHDOs and CDCs, as demonstrated by objective information and/or data. In rating this factor, HUD will evaluate the extent to which the application demonstrates an understanding of the specific needs for capacity building and supports the description of need with reliable, program-specific, quantitative information.

Rating Factor 3: Soundness of Approach

Maximum Points: 40

a. (20 points) A description of the Applicant's approach for addressing the needs identified under rating factor 2 for eligible capacity building activities and the priorities identified in Section III.C of this NOFA that will result in positive outcomes.

In rating this factor, HUD will evaluate the extent to which the application presents and supports a detailed, feasible, and practical approach for addressing capacity building needs including: techniques, time frames, goals, and intended beneficiaries; and the likelihood that these activities will be cost-effective and will result in the ability of the organization receiving technical assistance to commence work on specific housing and community development activities by the end of the performance period.

b. (10 points) A feasible work plan for designing, organizing, managing, and carrying out the proposed capacity building activities. The work plan should be as specific as possible in describing the design, organization and management of the proposed activities.

c. (9 points) An effective assistance program to specific disadvantaged communities, populations, and/or organizations that previously have been underserved and have the potential to participate in the Section 4 Capacity Building program (such as neighborhoods identified as high-risk foreclosure areas, the Neighborhood Revitalization Strategy Areas designated by HUD, Colonias, Appalachia's distressed counties, the lower Mississippi Delta region, or locally designated community development target areas).

In rating this factor, HUD will evaluate the extent to which the applicant:

- (1) has identified and documented, using reliable data, specific communities, populations, or organizations that lack access to economic, educational, social or housing opportunity; and
- (2) has developed an effective strategy for engaging the participation of those communities, populations, or organizations in the capacity building program to promote equal access to economic, educational, social or housing opportunities locally and/or across regions.

d. (1 point) Applicants should describe how they will comply with Section 3 of the Housing and Urban Development Act and HUD's implementing rules at 24 CFR Part 135 to provide employment and training opportunities for low- and very low-income persons, as well as contracting and other economic opportunities for businesses that provide economic opportunities to low- and very low-income persons. Additional information regarding all Section 3 requirements can be found in Section III.C.3.(c) of the General Section.

In this Rating Factor, HUD will evaluate the applicant's description of how Section 3 requirements will be accomplished by identifying the number of new jobs, contracts, and training opportunities that applicable project activities will generate and an applicant's strategies for targeting Section 3 residents and businesses for such economic opportunities.

Rating Factor 4: Leveraging Resources

Maximum Points: 10

This factor evaluates the applicant's ability to leverage (secure) public and/or private sector resources (such as financing, supplies, or services) from sources other than Section 4 Capacity Building that can be added to Section 4 Capacity Building funds to perform eligible activities and sustain the applicant's proposed project. Applicants that achieve a leverage ratio of at least ten-to-one shall be awarded the maximum ten points. Applicants achieving a lesser ratio shall be awarded the points proportionate to their documented leverage. To document leveraging for the FY2016 NOFA, applicants should report their actual results in leveraging Section 4 Capacity Building-assisted projects in Federal FY2015 (October 1, 2014 – September 30, 2015).

Applicants must note that leveraging resources are considered additional resources beyond and above the statutorily required 3:1 matching resource requirement and cannot be counted towards the statutory match requirement.

Rating Factor 5: Achieving Results and Program Evaluation

Maximum Points: 28

a. (5 points) The applicant shall provide an effective plan to evaluate and quantifiably measure performance with project time-lines, specific outputs and outcomes, and demonstrated improvements in capacity and other goals which address the needs identified in this application.

In rating this factor, HUD will evaluate the extent to which the application clearly describes an effective and detailed plan for evaluating the eligible activities proposed in Factor 3 of the application. The plan shall include a description of overarching project goals and time-lines for achieving results, as well as specific planned outputs selected from the quantifiable measures below, or other quantifiable output or outcome measures proposed by the applicant, applicable to the activities proposed in Factor 3, which clearly demonstrate the improved skill, technical capability, and production of CDCs, CHDOs, local governments, and Indian tribes in undertaking community development activities.

b. (23 points) Successful past performance in administering HUD's Section 4 Capacity Building program including meeting all match requirements.

(1) (8 points) This rating factor reflects HUD's goal to embrace high standards of ethics, management, and accountability. Applicants should include, as applicable, increases in Community Planning and Development (CPD) or affordable housing and community development program accomplishments as a result of capacity building (see quantifiable measures listed in Factor 5a). Applicants should discuss how their work plan activities contributed to, or resulted in, the achievement of program goals and outcomes.

In rating this factor, HUD will evaluate the extent to which the applicant demonstrates successful performance within the last four years that was timely, cost-effective, and resulted in positive outcomes in the delivery of capacity building for affordable housing and community development. HUD will consider past performance of current Section 4 Capacity Building grantees, including financial, monitoring, and other information in HUD's files.

(2) (15 points) Timely Expenditure of Section 4 Grant Funds. This rating factor reflects HUD's goal to embrace high standards of ethics, management, and accountability. Applicants should describe the timeliness of expenditure of Section 4 Program funds during the following four year period (2011 –

2014). The description must include the following for the four year period:

1. The applicant's total amount of Section 4 Program grant awards from HUD;
2. The amount of the Section 4 funds committed to eligible activities as evidenced by a HUD approved work plan;
3. The amount of Section 4 funds expended as of the date of the publication of this NOFA;
4. The balance of funds remaining undisbursed from the applicant's total amount of Section 4 Program grant awards from HUD; and
5. The ratio of the total amount of Section 4 grant fund awards received during the four year period to the amount of Section 4 grant funds disbursed during the four year period.
6. If all Section 4 funds for Fiscal Year 2011 to 2014 grant awards have not been firmly committed to activities as evidenced by a HUD approved work-plan, applicants should also describe the steps taken by the applicant or steps being taken by the applicant to commit the funds to approvable activities within the grant period.

In rating this factor, HUD will evaluate the extent to which the applicant demonstrates successful past performance in the timely expenditure of Section 4 grant funds and the soundness of the grantee's approach for timely committing and expending any uncommitted or unexpended grant funds.

2. NOFA Priorities.

HUD encourages applicants for funding to undertake programs and projects that contribute to HUD's NOFA Priorities. Applicants that undertake activities that result in achievement of specific NOFA Priorities listed below are eligible to receive priority points in the rating of their application. These points will be awarded only if the application otherwise meets or exceeds the Program's minimum fundable score based on the rating factors of this NOFA.

Promote Economic Development and Economic Resilience (Capital Investment, Planning, and Research NOFAs or as specified in Individual Program NOFA)

Community Economic Development: To receive 1 point under this objective, applicants must show how their proposed grant activities will build infrastructure within the target community to accomplish one, or any combination, of the following objectives: 1) support job creation for low income people; 2) promote business opportunities for small and/or disadvantaged businesses; and/or 3) create a flow of investment of private or other public capital into a) small and disadvantaged businesses or b) nonprofit activities serving low income people. Applicants must provide a substantive description of each activity and specific, measureable targets of economic development impact, with a narrative supporting the estimate. For programs already subject to the requirements of Section 3 (see paragraph III.C.3 g of this NOFA), applicants must clearly explain how the proposed activities **exceed** the requirements of Section 3 to "ensure that employment and other economic opportunities generated by HUD financial assistance shall, to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, be directed to low- and very low-income persons (24 CFR 135.1)."

Affirmatively Furthering Fair Housing (Capital Investment or as specified in Individual Program NOFA)

Capacity Building Activities Related to Housing: Applicants may earn 1 point for demonstrating that all capacity building activities related to the development or rehabilitation of housing will serve a range of incomes and a range of family sizes that is proportional to the regional need, based on Census data and other generally accepted data sources. Applicants must include the specific plans for supporting the development or rehabilitation of such housing, including the total number of units affordable for each income group, by bedroom size.

Increase Energy Efficiency and the Health and Safety of Homes (Capital Investment and Planning NOFAs or as Specified in Individual Program NOFA)

Energy Efficiency, Health and Safety of Homes: The applicant must demonstrate a high degree of technical expertise (through past performance or staff competencies) in capacity building activities related to increasing energy efficiency and the health and safety of homes. HUD will award 1 point to applicants that commit to encouraging and assisting CDCs and CHDOs to complete comprehensive assessments of housing units for health/safety and energy deficiencies and coordinate interventions across multiple disciplines. Health and safety intervention measures include:

- lead hazard control;
- allergen reduction;
- mold and moisture remediation;

In evaluating past performance, HUD may deduct points from the rating score or establish threshold levels as specified under the Factors for Award in the Program NOFAs. Each Program NOFA will specify how past performance will be rated.

2. Integrity

HUD evaluates the integrity of the applicant as reflected in government-wide websites, information in HUD’s files, the federal Do Not Pay portal, public information and information received during HUD’s Name Check Review process. If this integrity evaluation results in an adverse finding, HUD reserves the right to take any of the remedies provided in Section III.C.4.a.5, Do Not Pay website Review.

1. **Review Types.** Two types of reviews will be conducted. First, HUD will review each application to determine whether it meets threshold eligibility requirements. Second, HUD will review and assign scores to eligible applications using the Factors for Award noted under Criteria, Section V.A.
2. **Threshold Eligibility Requirements.** All applicants must be in compliance with the threshold requirements found in the General Section and the eligibility requirements listed in Section III of this NOFA in order to be reviewed, scored, and ranked. Applications that do not meet these requirements and applications that were received after the deadline (see Section III.C. of the General Section) will be considered ineligible for funding.

Applicants within the fundable range of 75 or more points will be funded in ranked order up to the amount requested, or in a lesser amount if sufficient funds are not available. HUD reserves the right to adjust funding to meet urgent policy priorities.

C. Anticipated Announcement and Award Dates.

September 30, 2016

VI. Award Administration Information.

A. Award Notices.

Following the evaluation process HUD will notify successful applicants of their selection for funding. HUD will also notify all other applicants, whose applications were received by the deadline, that have not been chosen for award. Notifications will be sent by email, delivery receipt requested, to the person designated in item 8F of the SF424 and to the person listed as authorized representative in item 21 of the SF424.

HUD will send written notifications to both successful and unsuccessful applicants. A notification sent to a successful applicant is not an authorization to begin performance or to incur costs.

After selection for funding and execution of a grant agreement, each grantee will submit to HUD a specific work plan and budget for each community it proposes to serve, showing when and how the federal funds and matching funds will be used. The work plan must be sufficiently detailed, including budget and match information, for monitoring purposes and must identify the performance goals and objectives to be achieved. HUD will approve the work plan or notify the grantee of matters that need to be addressed prior to approval. Work plans may be developed for less than the full dollar amount and term of the award, but no HUD-funded costs may be incurred for any activity until the work plan is approved by HUD. All activities are also subject to the environmental requirements in Section VI.B.1. of this notice.

Consistent with Section III.C.4.f of the General Section and 2 CFR 200.112 and 200.318 after selection, but prior to award, applicants selected for funding will be required to provide HUD with an up-to-date copy of their written Code of Conduct. Nonprofit recipients of assistance (grantees and subgrantees) are required by 24 CFR 84.44(b) to make positive efforts to utilize small businesses, minority-owned firms, and women's business enterprises, whenever possible.

Certain Administrative, National and Departmental Policy Requirements apply to all HUD programs, including this NOFA. For a complete list of these requirements, see Section VI.B. of the General Section.

1. **Environmental Review.** Individual project sites to be funded by awards under this NOFA may not be known at the time the individual grant agreements are awarded and also may not be known when some of the individual sub-grants are made. Selection for funding does not constitute approval of individual project sites. After selection for funding, HUD will perform an environmental review of individual sites in accordance with 24 CFR Part 50, as applicable, when the sites are identified. Therefore, in accordance with 24 CFR 50.3(h), the application shall contain assurances to HUD that the applicant agrees to assist HUD in complying with 24 CFR Part 50, and will: 1) supply HUD with all available, relevant information necessary for HUD to perform for each property any environmental review required by 24 CFR Part 50; 2) carry out mitigating measures required by HUD or select alternate eligible property; and 3) not acquire, rehabilitate, convert, lease, repair, demolish or construct property, nor commit or expend HUD or local funds for these program activities with respect to any eligible property, until HUD approval of the property is received.

C. Reporting.

1. Race and Ethnicity Data Reporting Form. HUD requires grantees that provide HUD-funded program benefits to individuals or families to report data on the race and ethnicity of those individuals receiving such benefits. Grantees that provide benefits to individuals during the period of performance, whether directly or through subrecipients or contractors, must report the data using the Race and Ethnic Data Reporting Form found on Grants.gov. The form is a data collection based on the standards published by OMB on August 13, 2002.

Please refer to Section VI of the General Section for a description of the general reporting requirements applicable to all HUD NOFAs.

1. Grantees will be required to report to HUD, as specified in the grant agreement. Performance reports shall include reports on both performance and financial progress under work plan and shall include reports on the commitment and expenditure of private matching resources utilized through the end of the reporting period. Reports shall conform to the reporting requirements of 2 CFR Part 200 and HUD implementing regulations.
2. Additional information or increased frequency of reporting may be required by HUD at any time during the grant agreement, if HUD finds such reporting to be necessary for monitoring purposes or to comply with government-wide reporting requirements. Additional reporting requirements may be required by the General Section in conjunction with selected HUD NOFA policy priorities under Section V.A.2 of this NOFA.
3. To further the consultation process and share the results of progress to date, the Secretary may require grantees to present and discuss their performance reports at annual meetings in Washington, DC, during the life of the award.
4. The performance reports must contain the information required under 2 CFR Part 200 and HUD implementing regulations, including a comparison of actual accomplishments with the objectives and performance goals of the work plans. In the work plans, each grantee will identify performance goals and objectives or policy priorities established for each community in which it proposes to work and appropriate measurements thereof, such as the number of housing units and facilities each CDC or CHDO produces annually during the grant period and the average cost of such units. The performance reports will also include a discussion of the reasonableness of the unit costs, the reasons for slippage if established objectives and goals are not met, and additional pertinent information.
5. A final performance report, in the form described in paragraph (1) immediately above, shall be provided to HUD by each grantee within 90 days after the completion date of the award.
