Introduction

Welcome to the Renewal Project Application e-snaps Instructional Guide. This instructional guide covers important information about accessing and completing the Project Application for renewal projects.

The organization submitting the Project Application for funding is the Project Applicant. Project Applications are submitted to the Continuum of Care (CoC) Collaborative Applicant, which submits the entire funding application to HUD on or before the application deadline.

Prior to using this instructional guide, Project Applicants must have completed the Project Applicant Profile. In order to meet that requirement, the Project Applicant Profile’s “Complete” button must be selected during the competition period. A separate Project Applicant Profile instructional guide is available on the CoC Program Competition e-snaps Resources webpage on the HUD Resource Exchange at: https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants.

All Project Applicants are strongly encouraged to read the FY 2017 CoC Program Competition NOFA and the FY 2017 Registration Notice in full at: https://www.hudexchange.info/programs/e-snaps/fy-2017-coc-program-nofa-coc-program-competition/

Objectives

By the end of this instructional guide, you will be able to do the following:

- Access e-snaps
- Register for the FY 2017 Renewal Project Application funding opportunity
- Create the Project Application under the funding opportunity
- Enter the Project Application from the “Submissions” screen
- Complete and submit the Renewal Project Application to the Collaborative Applicant
- Only if needed, coordinate with the Collaborative Applicant prior to the submission deadline to make changes to the Project Application in e-snaps

Overview of the Project Application Process

FY 2017 Project Applicants must complete the Project Applicant Profile and Project Application using e-snaps, a web-based portal accessible at www.hud.gov/esnaps.

Each Project Applicant must complete a Project Applicant Profile and submit its Project Application(s) to the applicable CoC in e-snaps by the local submission deadline established by the CoC.

The CoCs will do the following:

1. Review and either approve and rank or reject properly submitted Project Applications received; and
2. Submit the CoC Application and CoC Priority Listing with all approved and ranked or rejected Project Applications as part of the CoC Consolidated Application to HUD.
Overview of this Instructional Guide

The organization of material in this instructional guide corresponds with the different parts of the Project Application process, and the instructional steps follow the progression of screens in *e-snaps*.

- **Accessing e-snaps.** All *e-snaps* users need usernames and passwords to log in to the *e-snaps* system. In order to see an organization's Project Applicant Profile and Project Applications, the *e-snaps* user needs to be associated as a "registrant" with the organization's *e-snaps* account. This section identifies the steps to create user profiles and add/delete registrants.

- **Project Applicant Profile.** Project Applicants must review the Project Applicant Profile, update the information as needed, attach valid Code of Conduct, ensure the organizations non-profit documentation is attached, and select the "Complete" button in order to continue with the Project Application process.
  - The Project Applicant Profile section of this instructional guide briefly highlights key information for Project Applicants who are getting ready to complete their Project Applications.
  - For instructions on completing the Project Applicant Profile, go to the Project Applicant Profile instructional guide on the CoC Program Competition: *e-snaps* Resources webpage on the HUD Exchange at: [https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants](https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants).

- **Accessing the Project Application.** After the Project Applicant Profile is complete, Project Applicants need to follow a series of steps in order to access the Project Application screens. The steps discussed in this section include registering the Project Applicant for the FY 2017 Renewal Project Application funding opportunity, creating a FY 2017 project, and accessing the Project Application screens.

- **Project Application.** After accessing the FY 2017 Renewal Project Application, Project Applicants will complete a series of screens asking for information about the project for which they are requesting renewal funding. This section provides instructions for each screen. After providing all of the required information, the Project Applicant will submit the Project Application to the Collaborative Applicant via *e-snaps*.

- **Submitting the Project Application.** This section discusses what occurs after the Project Applicant submits the Renewal Project Application in *e-snaps* to the Collaborative Applicant. The Collaborative Applicant will review and either approve and rank or reject Project Applications.

- **Amending the Project Application.** If changes need to be made to the Project Application, the Collaborative Applicant will send the project back to the Project Applicant. Notification for sending a project back to the Project Applicant occurs outside of *e-snaps*. This process is similar to the process Project Applicants encountered during previous years' competitions. Once the Collaborative Applicant has finalized the CoC Priority Listing, it will submit the CoC Consolidated Application to HUD.

**NOTE:**

Amending an Application

| If the CoC amends the project application back to the Project Applicant for revision or correction, it is the Project Applicant’s and Collaborative Applicant’s responsibility to ensure the project application is resubmitted in *e-snaps* to the CoC and either approved and ranked (or re-ranked) or rejected before the CoC Priority Listing is submitted to HUD. If a project application does not appear on the CoC Priority Listing, it will not be reviewed or considered for conditional award. |
Renewal Project Application

Highlights in e-snaps for the FY 2017 CoC Program Competition

This section highlights several items in e-snaps this year.

- **Importing Data Not an Option for First-Time Renewals.** The importing of data from the previous year’s project application only applies to returning renewal projects. If a project is coming in for renewal for the first-time (e.g., it was awarded as a new project in the FY 2016 CoC Program Competition), project applicants will be unable to import data and must complete the entire renewal project application.
  - If you import data, you should carefully review the imported information to ensure it is accurate. If your FY 2016 project application was tagged with an issue or condition by HUD that you had to resolve before issuance of the grant agreement, you should ensure the FY 2017 project application is corrected accordingly.
  - Similarly, you should also ensure that all responses adhere to the FY 2017 CoC Program Competition NOFA.

- **New Part 1: SF-424 screens.** Starting in FY 2017, Part 1: SF-424 of the application has new screens in e-snaps that were previously uploaded as attachments. These HUD forms include:
  - HUD 2880 (Applicant/Recipient Disclosure/Initial Report)
  - HUD form 50070 (Drug-Free Workplace Certification)
  - SF-LLL (Disclosure of Lobbying Activities)

- **Removal of Budget Detail Screens for Renewal Project Applications.** New in FY 2017, project applicants submitting a Renewal Project Application will not be required to submit detailed information for the leased structures, supportive services, operating, or HMIS budgets. There are no separate screens for these budgets. The requested funding amount for each of these budget activities is located on the Summary Budget screen.

- **Prepopulating of Data from the Project Applicant Profile.** Some data will automatically populate fields on several screens from the information entered into your Project Applicant Profile. If this information is incorrect, changes can be made by exiting the application and returning to the Project Applicant Profile.

- **Uploading Attachments.** The Applicant Profile information will remain in e-snaps throughout the year; however, once the FY 2017 CoC Program Competition opens and modifications to the Applicant Profile (for Collaborative Applicant and Projects Applicants) are implemented, Applicants will be required to upload attachments again. Failure to attach correctly dated and completed HUD required forms will result in conditions being added to your project, if conditionally awarded, which will delay the issuance of a grant agreement.

- **The “Project Application” and “CoC Priority Listing.”**
  - The Project Application includes the information submitted on the SF-424 forms as well as the application submitted by renewal and new Project Applicants for funding consideration.
  - The CoC Priority Listing includes the New Project Listing, Renewal Project Listing, CoC Planning Project Listing, and, if designated by HUD as a Unified Funding Agency (UFA), a UFA Project Listing. The CoC Priority Listing also includes the reallocation forms that the Collaborative Applicant will need to complete if eligible renewal projects are being reallocated.
Renewal Project Application

to create eligible new projects, along with an attachment form for the required HUD form, HUD-2991, and the final HUD-approved GIW.

- **Applicant Field and Dropdown Menu.** When *e-snaps* users log in to the system, they will see an “Applicant” field at the top of the screen. This field identifies the organization’s account in which the user is working.

  Users with *e-snaps* access to more than one organization's account will see a dropdown menu listing two or more organizations. This group of *e-snaps* users includes staff persons who work on multiple applications (e.g., a staff person at an agency that serves as the Collaborative Applicant as well as a Project Applicant submitting one or more Project Applications).

  This feature appears when working on the Applicants, Funding Opportunity, Projects, and Submissions screens. Only the items (e.g., Projects) pertaining to the Applicant listed in the field appear on the screen. Users must ensure they are working in the correct Applicant account.

- **Collaborative Applicant.** During the CoC Program Competition, Project Applicants will see references to the “Collaborative Applicant.” The Collaborative Applicant is the entity designated by the CoC to submit the CoC Program Registration and CoC Consolidated Application in the CoC Program Competition on behalf of the CoC. The Collaborative Applicant is responsible for the coordination and oversight of the CoC planning efforts and has the authority to certify and submit the CoC Program Competition application.
New Process for Completing Renewal Project Application Screens

The Renewal Project Application screens function differently in FY 2017 than they did in FY 2016 for project applicants who import data. Project applicants who import data into the Renewal Project Application will be unable to edit most of the application screens until they navigate to the “Submission Without Changes” screen and select “Make Changes.” The “Submission Without Changes” screen is listed in the left menu bar of the Renewal Project Application in Part 8, directly above the “Submission Summary” screen.

All Project Applicants must first complete Part 1: SF-424. Much of the data for Part 1 is pre-populated from the Project Applicant Profile. (If the pre-populated information is incorrect, the Project Applicant must navigate back to the Applicant Profile and update the information. The corrections should carry through to the application.)

Once Part 1 is completed, Parts 2-8 will appear.

If data was imported:

- Most of the screens are in “Read Only” mode. The only editable screens are the following:
  - 3C (Dedicated Plus for PH-PSH)
  - 6D (Sources of Match)
  - 7A (Attachments)
  - 7B (Certification)
- After reviewing the data on the Read Only screens and completing 3C (if applicable), 6D, 7A, and 7B, Project Applicants will navigate to Part 8: “Submission Without Changes” and indicate whether they want to submit the application without changes or make changes prior to submitting the application.
  - If Project Applicants do not want to edit any screens, they will continue to the “Submission Summary” screen.
  - If Project Applicants want to edit any screens, they can select the specific screens they want to open for editing. Once a Project Applicant selects a check box for a screen and then selects the “Save” button, the check box cannot be unselected. If a Project Applicant selects a screen to edit by mistakes and then selects “Save,” this will not cause any issues. They will simply have to navigate to that screen to re-save the data.
  - After the Project Applicant selects specific screens to open for editing, they should navigate to those screens to update/change the data on these screens. On each screen, the Project Applicant should remember to select “Save” before navigating to another screen. When all updates have been completed, the Project Applicant should navigate back to the “Submission Summary” screen to review the status of all screens in their application.

If data was NOT imported (e.g., the application is a First Time Renewal):

- Project Applicants must complete every screen.
- The Part 8: “Submission Without Changes” screen will automatically be set to “Make Changes” and Project Applicants must enter data on each screen.

Accessing e-snaps

The Project Application is submitted electronically in e-snaps during the annual competition under the FY 2017 CoC Program Competition.

**NOTE:** Each e-snaps user must have his or her unique login credentials. Preferably, each organization will have at least two people with access to e-snaps—the Authorized Representative and one or more additional staff.

For a refresher on how to continue through the e-snaps system, the "e-snaps Features and Functions" instructional guide is available on the CoC Program Competition: e-snaps Resources webpage on the HUD Exchange at: [https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#general-resources](https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#general-resources).

Adding and Deleting Registrants

Having a user profile enables a person to access e-snaps; however, only individuals who have been associated with the organization as a registrant (also referred to as registered users) have the ability to enter information in the Project Applicant Profile and Project Applications associated with the organization.

For information on how to add and delete users, refer to the “Adding and Deleting Registrants in e-snaps” resource on the CoC Program Competition: e-snaps Resources webpage on the HUD Exchange at: [https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#general-resources](https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#general-resources).
Project Applicant Profile

Project Applicants must complete the Project Applicant Profile before moving forward in the Project Application process. To complete the Project Applicant Profile, the Project Applicant needs to ensure the data entered in the profile screens are accurate and must select the “Complete” button on the “Submission Summary” screen.

This section in the Renewal Project Application instructional guide highlights key information needed to successfully complete this step. It does NOT provide step-by-step instructions.

- **Access the Applicant Profile.** To access the Project Applicant Profile, log in to e-snaps, select “Applicants” on the left menu bar, ensure that the correct Applicant name in the "Applicants" field at the top left side of the screen is selected, and select the orange folder to the left of the Applicant name on the screen.

- **Organizations that are Collaborative Applicants and Project Applicants.** If the organization applying for funding as a Project Applicant is also serving as the Collaborative Applicant, the organization will have two Applicant Profiles—one for the Project Applicant and one for the Collaborative Applicant.

  The "Applicant" field dropdown menu at the top left side of the screen contains the list of Applicants that a user can access. If you have issues with finding the correct Project Applicant, submit a ticket to the HUD Exchange Ask A Question, at: https://www.hudexchange.info/get-assistance/my-question/, under the e-snaps Reporting System (the header for which is featured on Step 2 of the AAQ page).

- **First-time Applicant.** If an organization is new to e-snaps (i.e., submitting a Project Application for the first time), the organization must establish itself as an Applicant in e-snaps. Review the Project Applicant Profile Instructional Guide on the CoC Program Competition: e-snaps Resources webpage on the HUD Exchange at: https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants. An organization will establish itself as a Project Applicant in e-snaps one time only.

---

**If you are a Collaborative Applicant and a Project Applicant applying for renewal project funds, you must have two separate Applicant Profiles—a Collaborative Applicant Profile and a Project Applicant Profile. Contact the HUD Exchange Ask-A-Question if you need assistance:**
https://www.hudexchange.info/get-assistance/my-question/

**For detailed instructions, see the Project Applicant Profile instructional guide on the CoC Program Competition Resources webpage on the HUD Exchange at:**
https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants.
Accessing the Project Application

After the Project Applicant Profile is completed, Project Applicants can move to the next steps required to access the Project Application screens. This section covers the following:

- Funding Opportunity Registration
- Projects
- Submissions
Funding Opportunity Registration

All Project Applicants must register the organization for the FY 2017 Renewal Project Application funding opportunity. Registering for the funding opportunity enables Project Applicants to apply for funds during the FY 2017 CoC Program Competition.

<table>

<td>Select the “Register” icon next to “Renewal Project Application FY 2017.”</td>
</tr>
<tr>
<td>4.</td>
<td>The “Funding Opportunity Details” screen appears.</td>
</tr>
</tbody>
</table>
Step | Description
--- | ---
1. | When the question appears asking if you want to register the applicant for the funding opportunity, select "Yes" to confirm that you want to register your organization.
2. | The screen will then indicate that the Project Applicant has been registered.
3. | Select the "Back" button to return to the "Funding Opportunity Registrations" screen.

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Applicant Profile in which you are working.

Please ensure you are working under the correct Applicant.
Creating the Project Application Project

Project Applicants must create a project for the Renewal Project Application in e-snaps on the “Projects” screen. Creating a project is an intermediate step; organizations do NOT enter the Application from the “Projects” screen to complete the Application screens. [That step will occur on the “Submissions” screen.]

Once the Applicant "creates" the project, it will appear on this screen and the term "Renewal Project Application" will appear under the "Funding Opportunity Name" column.

---

Project Applicants applying for renewal funding must import the previous year's project application. Additionally, if the previous year's information is imported, project applicants MUST review the prepopulated information to ensure the responses to the questions are still accurate.

- The importing of data from the previous year's project application only applies to returning renewal projects.
- If you are a first-time renewal project, you must complete the entire renewal project application as you do not have information to import.

## Renewal Project Application

### Step | Description
---|---
1. | On the "Create a Project" screen, the Project Applicant Name will be pre-populated.
2. | In the "Applicant Project Name" field, enter the name of the project.
   - Enter the project name that is being renewed that will appear in the grant award letter.
3. | In the "Import Data From:" field, select the project that is being renewed. Importing will ensure that your project information from the FY 2016 project application is imported and will decrease the amount of information that must be entered in the FY 2017 Project Application. If you are renewing for the first time in the FY 2017 CoC Program Competition you will not be able to import from your previous project application.
4. | Select "Save & Back" to return to the "Projects" screen.
5. | The project name is listed in the menu.
   - Select the "View" icon to view project details; however, it is not necessary to enter any notes on that page.

---

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Applicant Profile under which you are working.

Please ensure you are working under the correct Project Applicant.

Additional Information

Project Applicants must complete Part 1 of the application before the “Additional Information” screen and Parts 2 through 7 appear.

Project applicants must review the instructions on the “Additional Information” screen in order to successfully submit the project application.

If data was imported, Project Applicants must review every screen. The application is in “Read Only” mode; the only editable screens are screens 3C (Dedicated Plus for PH-PSH), 6D (Sources of Match), 7A (Attachments), and 7B (Certification). After reviewing all the information, Project Applicants will navigate to Part 8: “Submission Without Changes” and indicate whether or not they need to make changes prior to submitting the application. If they want to edit screens (other than 3C, 6D, 7A, and 7B), project applicants can select which screens they want to open for editing. Once you select a screen and “Save,” you will not be able to unselect it; however, there is no harm in doing so: just ensure the data on the screen is correct.

If data was NOT imported, Project Applicants must complete every screen.

2B. Recipient Performance

The CoC Program requires that existing renewal projects adhere to certain standards such as submitting a timely Annual Performance Report (APR), being in compliance with the 24 CFR part 578, drawing funds quarterly from eLOCCS, etc. The following steps provide instruction on completing all of the mandatory fields marked with an asterisk (*) on the “Recipient Performance” screen of the FY 2017 Renewal Project application. The screen asks the Project Applicant questions about capacity and performance as a HUD grant recipient, in terms of timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings, and the recapture of any funds from the most recently expired grant term of the project. The information provided on this screen will be verified by HUD.

### Step Description

1. Select “Yes” or “No” from the dropdown for each of the four questions on the screen. Depending on the selection, additional questions will appear, as identified in the table on the next page.

      - Explain the circumstances that led HUD to recapture funds in the text box provided.
5.   | Select “Save & Next” to move to the next screen.
3A. Project Detail

The following steps provide instruction on updating fields populated with information from the “Applicant Type” and “Projects” screens in Part 3: Project Information of the FY 2017 Project Applicants - Renewal Application, as well as completing all mandatory fields marked with an asterisk (*) on the “Project Detail” screen of the application.

2a: CoC Name and Number

You must select the correct CoC in the “CoC Number and Name” field. This field identifies the CoC to which your Renewal Project Application will be submitted. If the “CoC Number and Name” is incorrect, your Project Application will not be submitted to HUD.

2a: "No CoC"

"No CoC" can only be selected if your CoC did not register for the FY 2017 CoC Competition or your project is located in a geographic area that is unclaimed. If you are unsure, you can look up your geographic area on the HUD Exchange and contact the CoC that claims your area or one that is close to your area. See the About Grantees page: https://www.hudexchange.info/grantees/
### 3A. Project Detail (continued)

**3: Incorrect Project Name**

If the project name is incorrect:

- Select the "Save" button to save responses on this screen.
- Select "Back to Submissions List" on the left menu bar.
- Select “Projects” on the left menu bar.
- Select the “View” icon to the left of your project to open the “Project Details” screen.
- In the “Project Name” field, type in the correct name of the project, and select the “Save” button.

Return to the Renewal Application by navigating to the “Submissions” screen and selecting the orange folder next to the Project.

**4: Standard v. Appeal**

If you select "Appeal," this note will appear on the screen:

- You have selected "Appeal" and therefore are designating this application as an appeal due to the CoC's decision to not approve and rank this project on the CoC Priority Listing (the project application was rejected by the CoC in the local competition). To proceed, you must fill out an additional form, Part 8A - Notice of Intent to Appeal, and submit the details of your appeal to be considered as a Solo Applicant as outlined in Section X.C. of the FY 2017 CoC Program Competition NOFA. If you are filling out this application for the first time, or are otherwise not intending to appeal a rejection, please select "Standard".

The selection of “Appeal” should only be used by the Project Applicant if it attempted to participate in the CoC planning process in the geographic area in which it operates and believes it was denied the right to participate in a reasonable manner. In this case, the Project Applicant may appeal the rejection directly to HUD by selecting “Appeal” and submitting a Solo Application prior to the application deadline.

Refer to the Appeal Project Application instructional guide on the CoC Program Competition Resources webpage on the HUD Exchange at: [https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants](https://www.hudexchange.info/programs/e-snaps/guides/coc-program-competition-resources/#coc-program-competition--project-applicants).

Preface to Part 5: Participant Screens

The upcoming pages contain instructions for the two "Project Participants" screens—one for "Households" and the other for "Subpopulations."

**NOTE:** The questions related to project participants are applicable to all projects, except HMIS-dedicated projects.

If you selected "HMIS" as the component on screen 3A, you will not see the Part 5 screens as these screens do not apply to HMIS projects.

Before continuing to the instructions, please review the following notes, which provide information regarding gathering and entering data for these two populations.

**NOTE:** (1) The data gathered on these "Project Participants" screens consist of the number of participants in the program when the program is at full capacity (at a single point in time, not over the course of a year or term of the grant).

**NOTE:** (2) Dark grey cells are not applicable and light grey cells will be totaled by e-snaps automatically.

**NOTE:** (3) For homeless assistance programs, chronic substance abuse, by itself, may constitute a disability.

**NOTE:** See also the Additional Guidelines for 5A. Project Participants – Households and 5B. Project Participants - Subpopulations subsection on the next page.
Additional Guidelines for 5A. Project Participants – Households and 5B. Project Participants - Subpopulations

This section provides some guidelines to clarify the way in which the fields on 5A. Project Participants – Households and 5B. Project Participants - Subpopulations work together. The example applies to the Household Type: Households with at least one adult and one child, which is the first fillable column on screen 5A and the first chart at the top of screen 5B.

These guidelines also apply to the other two Household Types—Adult Households without children and Households with Only Children.
Renewal Project Application

The “Total Persons” field on screen 5A will not necessarily be the sum of the ten column totals for the corresponding household type on screen 5B.

While the first three columns on screen 5B are mutually exclusive, people may be listed in more than one subpopulation category in the final seven columns of the chart. For example, a participant can only be either a non-CH veteran, a CH veteran, or a CH non-veteran, but a participant may be any one of these three and dually diagnosed, fitting into more than one subpopulation. Therefore, an HIV positive and chronic substance abusing CH non-veteran could be included in one subpopulation from the first three columns and in both subpopulations in the final seven columns.

The total number of persons in a particular subpopulation column (e.g., non-CH veterans, chronic substance abuse, etc.) on screen 5B cannot exceed the total number entered in the “Total Persons” column on screen 5A.

NOTE: Field Calculations

Refer to the following guidance about the calculations in the rows and columns:

- While individuals may be shown under more than one sub-population—in addition to being either a chronically homeless non-veteran, a chronically homeless veteran, or a non-chronically homeless veteran—column 10, “Persons not represented by listed sub-populations, is mutually exclusive. If someone is listed in column 10, the person cannot be listed in any of columns 1 through 9.

For example, in a project with 15 adults, if one adult is listed under column 10, the column total for each individual column (for columns 1 through 9) cannot exceed 14 individuals.
5A. Project Participants - Households

The following steps provide instructions on completing the "Project Participants – Households" screen for Part 5: Participants and Outreach Information to indicate the total number of households and number of persons by demographic served at maximum program capacity at a single point in time by household type.

5B. Project Participants - Subpopulations

The following steps provide instructions on completing the “Project Participants – Subpopulations” screen for Part 5: Participants and Outreach Information to indicate the number of persons served at maximum program capacity at a single point in time, as well as the characteristics/status, according to their respective household types.

When filling out this table, applicants should think of it as follows:

- The first three columns that are in dark gray, along with column 10, for "Persons not represented by listed subpopulations," are mutually exclusive (i.e., for each row, you cannot count the same person in more than one of these columns).
- Columns 4 through 9 are not mutually exclusive (i.e., in each row, you may include the same person in multiple columns if they have multiple characteristics). However, for each row, if you list a person in column 10, you cannot include the person in columns 1 through 9.

For each household type included on the previous screen, 5A, applicants must fill in at least one cell on the corresponding chart on for screen 5B. On the previous screen, the household types were displayed as columns; on 5B, the household types are shown in individual tables.

### Step Description

1. For each household type included from screen 5A, enter the appropriate subpopulation on this screen based on the characteristics for each person in the project on any given day.

2. Select “Save” and the system will calculate all totals based on the values you entered for each subpopulation.

3. Select “Save & Next” once all information is complete on this screen.

### NOTE:

- **Subpopulations**
  - Chronically Homeless includes disabled adults in households with or without children.
  - Veterans must be adults; therefore, no entry is allowed for unaccompanied youth under the “Chronically Homeless Veterans” column.
5C. Participants and Outreach Information

The following steps provide instruction on completing screen 5C in Part 5: Participants and Outreach Information of the FY 2017 Project Application.

The screens that appear under Part 5 depend on the selection of the component type on screen 3A: Project Detail and 3B. Project Description.

Screen 5C has different versions, depending on which component type was selected on screen 3A. Project Detail and 3B. Project Description.

Part 6: Budget Information

In e-snaps, the budget screens that appear for Part 6: Budget Information in the left menu bar of the Project Application are determined by all of the following:

- Whether your project is a new or renewal project, as reflected on screen 1A. Application Type.
- The component type selected on screen 3A. Project Detail.
  - If you have a Permanent Housing (PH) project, the budget screens you will be eligible to complete are also dependent upon how you respond to questions on screen 3B. Project Description. Specifically, Project Applicants must indicate whether they are a PSH or RRH project.
- Your selections on the 6A. Funding Request screen. Project Applicants must carefully choose the correct funding request as you will only see the budget screen(s) chosen.

The budgets you are required to complete must correlate to the budget line items indicated on the most recent Grant Agreement or Grant Agreement as amended.

For renewal project budgets that are being reduced through the CoC’s Reallocation process, please ensure that the total amount requested for the project does not exceed the reduced amount approved by the CoC.

Because there are numerous budget screens and instructions on how to complete these screens, there is a separate instructional guide on budgets that may be found on the CoC Program Competition: e-snaps Resources webpage on the HUD Exchange at: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources.

Next, this instructional guide will discuss Attachments for FY 2017.
7A. Attachments

Depending on the Applicant, the “Attachment” screen has three potential items:

- **Subrecipient Nonprofit Documentation.** On the “Project Subrecipients” screen, if the subrecipient is a nonprofit (i.e., either “M” or “N” was selected from the “Organization Type” dropdown menu), then proof of the subrecipient's nonprofit status is required.

- **Other Attachment(s).** Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.
  - **CoC Reject Letter.** A project identified as an “Appeal” project on screen 3A. Project Details under “Project Status” is required to upload documentation to one of the “Other Attachment” screens. Projects that have been rejected in the local CoC competition by the Collaborative Applicant and intend to apply as a Solo Project must attach documentation from the Collaborative Applicant that confirms the project has been rejected along with the reason for the rejection.

**NOTE:**
- If your project has not been rejected, the CoC Reject Letter does not pertain to you.
- If your project has been rejected and you have chosen to appeal to HUD by submitting a Solo Application prior to the HUD submission deadline, you must upload this attachment. Please visit the CoC Program Competition: e-snaps Resources webpage on the HUD Exchange at: [https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources](https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources). You will find a resource for Project Applicants that are submitting an Appeal.

- **Consolidated Plan Certification.** Projects that are applying for CoC funds from a geographic area that is not claimed by a CoC and that has selected “No CoC” on Form 3A, must upload the HUD-2991, Certification of Consistency with the Consolidated Plan signed by the authorized official from the local or regional government.

Part 8. Submission Without Changes

New for the FY 2017 CoC Program Competition, project applicants who import data from the FY 2016 project for which a renewal project application is being submitted have the opportunity to submit the project application with no changes.

If the project applicant did not import the information, the applicant needs to answer question 1 on the "Submission Without Changes" screen; everything else will be gray-shaded and not editable.

8B. Submission Summary

Once the required information has been entered and the required attachments have been uploaded, the Project Applicant needs to select the "Submit" button on the "Submission Summary" screen.

The "Submission Summary" screen shows the Project Application screens. In the "Last Updated" column, the system will identify the following:

- A date if the screen is complete
- "No Input Required" if there is no input required
- "Please Complete" if more information is needed

Users can go back to any screen by selecting the screen name on the left menu or on the screen name in the Submissions list itself. Remember to select "Save" after any changes.

**NOTE:** The "No Input Required" status on the Submission Summary indicates that additional information for that screen is not required for the applicant to continue to the next step in the e-snaps system. In the context of this instructional guide, the Project Applicant may continue to the next steps in the Project Application process. HUD, however, may require that you submit the item prior to entering into a grant agreement if conditionally awarded.

The "Submit" button is located at the bottom of the screen under the navigation buttons. The "Submit" button will be active if all parts of the Project Application are complete (and have a date) or state "No Input Required."

After submitting the Project Application, Project Applicants should notify the Collaborative Applicant. Notification is recommended to provide a heads-up to the Collaborative Applicant that the application is ready for their review and ranking.

Trouble-shooting When You Cannot Submit the Project Application

Project Applicants may encounter issues when trying to submit the Project Application. If the “Submit” button is gray (i.e., “grayed-out”), it is not active and you cannot select it. You will not be permitted to complete your screen at this time. The “Submit” button will appear gray if information is missing on any of the required Project Application screens or in the Applicant Profile.

Renewal Project Application

What the “Last Updated” column tells you. A date identifies a screen with complete information for all required fields. It is the most recent date on which the completed screen was saved.
  
  o “Please Complete” identifies a screen with information missing in one or more required fields.
  
  o “No Input Required” identifies the screen that are not required for completion by all projects. You are strongly encouraged to double-check these screens to ensure that all appropriate project information is completed.

What the “Notes” section at the bottom of the screen tells you. Notes are not a standard section on the “Submission Summary” screen, so you will not see this section all the time.
  
  o If Notes appear on the screen, they are located under the two-column list and above the navigational buttons.
  
  o The Notes provide information on the errors in the Project Application. Some Notes include a link to the applicable screen and error(s).

NOTE: If you are still unable to submit the Renewal Project Application after following these instructions, please submit a question to the HUD Exchange Ask A Question, at: https://www.hudexchange.info/get-assistance/my-question/ under the e-snaps Reporting System. In the question field, please provide specific details regarding the issue you are encountering while trying to submit and provide a screen image whenever possible.

# Project Application Changes

If changes need to be made to the Project Applications, the Collaborative Applicant will send the project back to the Project Applicant. This process is similar to last year’s competition. Project Applicants may need to change the Project Application if they find an error or if the Collaborative Applicant requests that a change be made to one or more of the forms. The following action steps must be taken by the Collaborative Applicant and Project Applicant.

<table>
<thead>
<tr>
<th>Step</th>
<th>Who</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1.   | Either one | If a submitted Project Application needs to be changed, contact must be made between the Project Applicant and the Collaborative Applicant outside of e-snaps (via email or phone).  
- If a Project Applicant determines that a change to the project application is necessary, the Project Applicant should contact the Collaborative Applicant and request that it “send,” or release, the Project Application back to the Applicant.  
- If the Collaborative Applicant requests a change, the Collaborative Applicant should contact the Project Applicant. |
| 2.   | Collaborative Applicant | The Collaborative Applicant will notify the Project Applicant outside of e-snaps (via email or phone) that the Project Application has been sent back for changes. |
| 3.   | Project Applicant | After the Project Application has been sent back for amendment, any person who is an authorized e-snaps user with the Project Applicant’s organization will be able to reopen the project.  
The following actions are taken by the applicant once the Collaborative Applicant has released the Project Application:  
- Log in to e-snaps.  
- Select “Submissions” on the left menu bar.  
- Find the Project Application that was sent back to the applicant.  
  - Review the list under the Project Name column, or use the Project Name dropdown menu and “Filter” button.  
  - The Project Name for the Project Application will be listed, but it will no longer have a date under the “Date Submitted” column.  
- Select the “Open Folder” icon 🗂️ to the left of the project with no submission date.  
- Make the required change(s), saving each form as it is revised.  
- Select the “Submit” button.  
- Notify the Collaborative Applicant that the Project Application has been re-submitted. |
4. Collaborative Applicant  
After the Project Applicant has re-submitted the Project Application, the Collaborative Applicant must update the CoC Priority Listings for the Project Application to reappear on the appropriate project screen in the CoC Priority Listings.
Next Steps

Congratulations on submitting your Renewal Project Application!

At this point, your project application has been submitted to the Collaborative Applicant, as indicated on screen "3A. Project Detail” questions 2a and 2b. Notifications are not provided through e-snaps to the Collaborative Applicant, so you should notify them that the application has been submitted.

The Collaborative Applicant will review every project application and approve and rank or reject the project applications prior to submitting them as part of the CoC Priority Listing to HUD for the FY 2017 CoC Program Competition. Please make sure you keep in contact with the organization in case any changes need to be made.
