

## IDIS Online 11.2 Release Notes

The next system release for IDIS Online (Release 11.2) will occur the evening of January 4, 2012. The system will be down starting at approximately 6pm EST. The following are the changes that will go live in the system on January 5, 2012 as a result of the release:

When logging into the system for the first time for the calendar year, the system will now require users to update the user profile attributes before being allowed to access the system.

The 'Previous Activity' button on the 'Create Voucher Page 2 of 4 (Drawdown Amounts)' page will now retain the 'Prior Year' value.

The 'Convert to Grantee' button on the 'Edit Subordinate' page will now only be displayed for Headquarters users with the Edit Subordinate user privilege.

The 'View Subfund' page (for the CR fund type only) will no longer display Drawn and Returned values. The CR fund type cannot be disbursed from the subfund level, therefore users must view their CR subgrants for CHDO Eligible organizations to view commitments and disbursements.

The 'View Subgrant' page (when displayed for non-CHDO Eligible organizations) will no longer display Drawn and Returned values. User must view their CR subgrants for CHDO Eligible organizations to view commitment and disbursements.

The 'View HOME Completion Detail (Page 2)' page will no longer prevent users from viewing Cost and Beneficiary data when no Lead-Based Paint values have been provided.

The system will now provide the ability for HESG users to setup Data Collection (HMIS) activities.

The Add and Edit Project pages will now prevent users from allowing another organization to setup activities under a project – where an HESG estimated amount has been provided.

The Add and Edit Activity pages will now prevent users from allowing another organization to access this activity – where an HESG activity category is provided.

The Add and Edit Activity pages will now prevent users from assigning an invalid IDIS Project ID value – where an HESG activity category is provided. HESG Project considered invalid if Project does not contain an HESG estimated amount value.

The Edit Activity page will no longer display the 'Grantees will enter Accomplishment data into e-SNAPS' Accomplishment description label for HESG activities.

Several cosmetic changes have been updated on the HOPWA and HOPWA-C Setup and Accomplishment pages.

The 'Edit Activity' page for HOPWA / HOPWA-C activities will now prevent users from changing a fundable activity category to a non-fundable type – if program funding already exist for the activity.  
14. The data check assigned to Performance Outcomes on the HOPWA-C Accomplishment page has been revised to include the sum of each destination type.

## **IDIS Online 11.2 Release Notes**

The HOPWA and HOPWA-C program data check assigned to Prior Living Situation has been revised to include only the individuals with HIV/AIDS who qualified the household for assistance.

The HOPWA and HOPWA-C program data check for Area Median Income has been revised to only include the individuals with HIV/AIDS who qualified the household for assistance.

The system will no longer display a page error when updating data for a Carrying Out Organization where all required fields have not been previously provided.

The Reports function has been upgraded to integrate the use of MicroStrategy 9.
