#### PR 27 – Status of HOME Grants - Entitlement

##### Report Type:

Document Report (Refer to Section 5 for types of reports).

##### Description:

The *PR27 Status of HOME Grants Report* contains financial information on HOME grants, subgrants, and subfunds. The report is used to identify PJs' total commitments and disbursements in each grant year or program year, as applicable. In addition, the PR27 provides separate pages for each fund type that PJs may use to carry out their HOME Programs, including program income (PI), program income for administration (PA), ineligible use repayments to the local account (IU), funds recaptured from PJs' homebuyer programs (HP), administration (AD), CHDO set-aside funds (CR), CHDO predevelopment loans (CL), CHDO operating costs (CO), CHDO capacity building (CC), and subgrants to State recipients and subrecipients (SU) - see Report PR27a – View No.1 below. HUD made significant changes to the PR27 on December 22, 2014. These changes were made due to revisions to the HOME Final Rule and to better align with functionality in IDIS.

The PR27 Report Entitlement version is available for Entitled non-State HOME PJs (See Report PR27a – View No.1 below).

## 11.30 PR 29 – Cash on Hand Quarterly Report

### PR29 - Cash on Hand Report

The report can be run for National, Field Office and Grantee

2 prompts Report Start Date and report End Date that the user will enter

The report will show only the Grantees that have data.

Depending on the Report Start Date and Report End Date the report will show a page with the summary of all the Quarters during that period and then a detail page for each quarter.

If a Grantee has only 1 quarter during that period only the detail page will show.

For the summary section:

For the cash on hand beginning balances, the report should not aggregate all period together.

If we run report for multiple quarters, the beginning balance is one point snapshot at the beginning of reporting period instead of aggregate all quarters together.

If is the same for the ending balance, it should be the snapshot of balance at the end period instead of add all the quarters together.

For example, if we run report from 1/1/2018 to 12/31/2018.

The summary section of beginning balance should be equal to the balance at 1/1/2018, which is the bargaining balance of first quarter. We can add all the cashed received and disbursed during the year (aggregate all the cash received and disbursed from all quarters).
