This program is administered under HUD's Office of Lead Hazard Control and Healthy Homes (OLHCHH) which is aligned with HUD's 2012-2015 Environmental Justice Strategy. The Environmental Justice Strategy addresses environmental and human health issues that disproportionately affect high-risk communities, such as minorities, low-income populations, children, and persons with disabilities. For more information about HUD's Environmental Justice Strategy, refer to the website at: <http://portal.hud.gov/hudportal/documents/huddoc?id=envjustice.pdf>.
